## 1. What's New in WinTid Version 2026.05.1

WinTid version 2026.05.1 was released on April 5<sup>th</sup>, 2026.

### 1.1 Block Links In Emails From WinTid

If you do not want emails from WinTid to contain clickable links, you can check "Block links in email" in System Settings – Systemdata.

Mail Server	<input type="text" value="localhost:2500"/>
Mail server username	<input type="text" value="test16.0.0"/>
Mail server password	<input type="password" value="...."/>
Mail sender e-mail address	<input type="text" value="melding@wintid.no"/>
<input checked="" type="checkbox"/> Block links in email	<input type="button" value="Save"/>

Note that the "Forgot your password?" function will not work when this is enabled, so if employees have forgotten their password, it must be changed manually by a manager/superuser.
